

## Visit of students from St. Joseph's College, Kozhikode (Kerala)

A group of Botany students from St. Joseph's College Devagiri, Kozhikode at Kerala visited the Institute of Forest Genetics and Tree Breeding on 05.10.2015. **Dr Kannan C.S. Warriar**, Scientist E & Co-ordinator ENVIS detailed the activities carried out by the ENVIS Centre at IFGTB. He gave a field demonstration on Clonal Forestry and Tree Improvement. The students also gained information on various nursery practices. ENVIS awareness poster containing information on tree improvement and recent newsletters were supplied to the students and faculty.
